Policy Benefits

The following policy benefits are according to the policy as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity Life Insurance Company or review the policy.

Total Disability Monthly Benefit (*also referred to as Base Policy Monthly Benefit*)

If the insured is totally disabled and the elimination period has been satisfied, this benefit will be paid. Benefits will continue while the insured is totally disabled or to the end of the maximum benefit period, whichever is first.

Total disability monthly benefits will be paid for only one of two or more concurrent disabilities. Also, a recurrent total disability is considered a new total disability only if it is separated from the ending date of the prior total disability by a period of one year or more where the insured is continuously employed on a full-time basis and not receiving any disability monthly benefits. A new total disability is subject to a new elimination period and starts a new benefit period. Any other recurrent total disability is considered a continuation of a prior total disability, not subject to a new elimination period or starting a new benefit period. (*See Definitions section.*)

Partial Disability Monthly Benefit

If the insured is partially disabled and has resumed part-time employment immediately following a period where they received total disability monthly benefits, this benefit will be paid. Benefits will continue until the insured is no longer partially disabled or to the end of the maximum benefit period, whichever is first, but no longer than six months. The partial disability monthly benefit is 50 percent of the base policy monthly benefit.

Presumptive Disability Benefit

If the insured is presumptively disabled, the total disability monthly benefit will be paid regardless of the insured's ability to work and whether or not they are under the care of a physician. The elimination period does not need to be satisfied for the insured to receive the benefit.

Home Modification Benefit

If the insured is totally disabled and has been receiving total disability monthly benefits for six consecutive months, the actual costs up to six times the base policy monthly benefit during their lifetime will be paid towards modification of their existing residence to accommodate their disability. Modifications must begin while the insured is totally disabled.

Survivor Benefit

If the insured dies while receiving total disability monthly benefits and has been receiving total disability monthly benefits for at least the prior 12 consecutive months, a lump sum of six times the base policy monthly benefit will be paid to the beneficiary(-ies).

Vocational Rehabilitation Benefit

If the insured is totally disabled and has been receiving total disability monthly benefits for six consecutive months, the actual costs of a vocational rehabilitation program may be paid, up to a maximum of six times the base policy monthly benefit during their lifetime. The program must be pre-approved by Assurity and provide instruction or training at an accredited college, university or vocational school that contributes to the insured's return to work. Participation is voluntary and may be at the insured's request or as suggested by Assurity.

Organ Donor Benefit

If the insured becomes disabled as the result of surgery for transplanting an organ or donating bone marrow, Assurity will pay policy and rider benefits on the same basis as any other sickness.

For benefits to be paid, the elimination period must be satisfied and the donation must occur after this policy has been in force for six months or more from the issue date or last reinstatement date.

Waiver of Premium

Renewal premiums will be waived on the first premium due date after the insured has been totally disabled for the elimination period or 90 days, whichever is shorter. Any premiums paid during this period which became due after total disability started will be refunded.

Waiver of premium ends when the insured is no longer receiving disability monthly benefits. Premiums are not waived during a period of partial disability.

Optional Riders

(at additional cost)

The following rider descriptions are according to riders as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity Life Insurance Company or review the riders.

Automatic Benefit Increase Rider (Form No. R 10922)

Payments will continue to increase each year while payable under the policy until the base policy monthly benefit payment has increased to twice the original amount.

If the insured receives an increased benefit and then recovers, the benefit may be increased permanently with written request to Assurity within 90 days of recovery before attained age 60 and if employed full time. Premiums for the increased benefit will be based on the insured's attained age and Assurity's then-current rates.

Cognitively Impaired *(as applies to Catastrophic Disability Benefit Rider only)*

Deterioration or loss of ability to think, perceive, reason or remember, which calls for another person's help or prompting to protect oneself or others. It is measured by clinical evidence and standardized tests approved by Assurity that reliably measure such impairment. The loss in mental capacity must be a result of a sickness or injury, including Alzheimer's disease, dementia and organic brain damage caused by an accident or head trauma.

Concurrent Disabilities

Disabilities caused by more than one injury or sickness, whether they are related or not.

Elimination Period

The number of consecutive days the insured must be totally disabled before they are eligible to receive the benefits.

Employed on a Full-Time Basis

Working for pay at least 30 hours per week.

Maximum Benefit Period

The maximum period of time any combination of total disability monthly benefits (base policy monthly benefits) and partial disability monthly benefits, if any, are paid.

Monthly Income

The insured's monthly gross income earned from their occupation including salary, wages, bonuses, commissions, fees and other pay for personal services.

If the insured is self-employed or owns a business, monthly income is their share of gross income earned by the business, plus any salary or draw from the business, minus their share of normal and customary business expenses specified as deductible for tax purposes.

Own Occupation

The occupation in which the insured is engaged at the time their disability begins.

If the insured is unemployed one year or less from the time their disability begins, own occupation will be the occupation in which they were engaged prior to becoming unemployed. If they have been unemployed for more than one year, own occupation will be an occupation which fits them by education, training or experience.

Partial Disability

A degree of disability due to a sickness or injury which:

- starts while this policy is in force;
- requires a physician's care unless the insured's physician certifies they have reached the maximum point of recovery;
- for the first two years after the elimination period, keeps the insured from doing one or more, but not all, of the substantial and material duties of their own occupation or results in the loss of 25 percent or more of the time spent by them in the usual daily performance of the duties of their own occupation; and
- after total disability and any partial disability benefits have been paid for two years, keeps the insured from doing one or more, but not all, of the substantial and material duties of any gainful occupation or results in the loss of 25 percent or more of the time spent by them in the usual daily performance of the duties of any gainful occupation.

Pre-existing Condition

A sickness or physical condition for which, during the two years before the issue date, the insured:

- had symptoms which would cause an ordinary prudent person to seek diagnosis, care or treatment; or
- received medical consultation, advice or treatment from a physician or had taken prescribed medication.

Presumptively Disabled

The insured's permanent and irrevocable loss, because of their injury or sickness, of one of the following: speech, hearing in both ears, sight in both eyes, use of both feet, use of both hands, or use of one hand and one foot.

Permanent and irrevocable loss of sight means both of the insured's eyes measure at or below 20/200 after reasonable effort has been made to correct their vision using the most advanced medically acceptable procedures and devices available. Permanent and irrevocable loss of hearing means hearing in both ears cannot be restored by hearing aids. The insured will be considered totally disabled if they are presumptively disabled.

Prior Monthly Income

- the insured's average monthly income for the one-year period immediately prior to their disability; or
- the insured's average monthly income for the calendar year with the highest earnings of the last two calendar years prior to their disability

Recurrent Total Disability

A situation in which the insured becomes totally disabled, ceases to be totally disabled and then becomes totally disabled again from the same or related sickness or injury. The latter total disability will be considered a recurrent total disability.

Residual Disability (as applies to Residual Disability Benefit Rider only)

A degree of disability due to sickness or injury which:

- starts while this rider is in force;
- requires a physician's care unless the insured's physician certifies they have reached the maximum point of recovery;
- results in the insured's loss of at least 20 percent of their prior monthly income;
- for the first two years after the elimination period, keeps the insured from doing one or more, but not all, of the substantial and material duties of their own occupation; and
- after benefits have been paid for two years, keeps the insured from doing one or more, but not all, of the substantial and material duties of any gainful occupation.

If the insured is totally disabled, they are not residually disabled.

- for the first two years after the elimination period, keeps the insured from doing all the substantial and material duties of their own occupation; and
- after benefits have been paid for two years, keeps the insured from doing all the substantial and material duties of any gainful occupation.

If the insured is able to perform one or more of the substantial and material duties of their own occupation for the first two years after the elimination period, or of any gainful occupation after benefits have been paid for two years, they are not totally disabled.

Premium Payment

What are acceptable methods of payment? Assurity accepts payments for initial and renewal premiums using the following methods: automatic bank withdrawal, personal checks, money orders and cashier checks in amounts below \$200 per policy, cashier's checks in amounts above \$10,000 and credit/debit cards when electronic applications are used. Credit/debit cards are only accepted for renewal premiums with paper applications. Please use one of these methods so that payment is credited to your policy in a timely manner.

How can premiums be paid by automatic bank withdrawal? Premiums may be deducted from the policyowner's bank account by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by completing and returning an Automatic Premium Payment form. A form may be obtained on AssureLINK at <https://assurelink.assurity.com> in the Product Center for each product by selecting the Applications/Forms option on the left, or by contacting the client services department at (800) 869-0355, Ext. 4279. The same form may be used to change the bank account.

Automatic bank withdrawal premium payments may be drafted on any day between the 1st to the 28th of each month. If an automatic bank withdrawal payment is returned or declined, Assurity will notify the policyowner and send a copy of the notification to the agent. If a remittance is not received prior to the expiration of the grace period, lapse/non-forfeiture processing will be initiated.

How can premiums be paid by credit card? Assurity accepts credit and debit card payments for initial and recurring premium payments when electronic applications are used. We accept VISA, MasterCard and Discover credit/debit cards. The credit/debit card payment option for initial payment is not available with

paper applications. However, after a policy has been issued, the customer can change the payment method to recurring credit/debit card by contacting the client services department at (800) 869-0355, Ext. 4279. Available dates for recurring payments are on any day between the 1st to the 28th of each month. Customers also have the option of paying the premium by automatic bank withdrawal.

How are subsequent premiums billed? For policies on direct billing, the original premium notice is mailed 20 days prior to the due date. If unpaid, a reminder notice is mailed five days after the due date.

When will coverage lapse if premiums are not paid? Premiums must be paid on or before the due date or during the 31-day grace period that follows the due date. The policy stays in force during this time. If a remittance is still not received at the end of the 31-day grace period, lapse/non-forfeiture processing will be initiated. The grace period does not apply if the insured requests termination of the policy.

How can a “list bill” be set up? Premiums may be billed to the policyowner’s place of employment in a “list bill” by selecting this option on the application (including information provided on the Field Underwriter’s Statement) and by having the employer complete an Authorization for List Bill (Form 75-060-05055). Available premium modes for list bill are monthly, quarterly, semi-annual and annual. The initial premium must be remitted with the application. If you have any questions about setting up a list bill, contact the client services department at (800) 869-0355, Ext. 4279.

Coverage Information

Duplicate Policies

A duplicate policy is available upon receipt of the owner’s signed request. A \$20 fee may apply for subsequent requests.

Coverage Changes

Increasing or Changing Coverage

The following coverage changes require a new application:

- increasing the base policy monthly benefit,
- increasing the SDIR monthly benefit,
- increasing the benefit period,
- decreasing the elimination period, or
- upgrading occupation class.

There are two methods for increasing the monthly benefit for an in-force disability income policy:

1. Complete an application for the amount of the increase in monthly benefits desired, and make arrangements for any necessary medical requirements. When the application is approved, the new policy will be issued for the amount of increase approved. The insured will then have two disability income policies in force with Assurity.

OR

2. Complete an application for the total amount of monthly benefit desired, including the increase. Indicate on the application that the new policy will replace an in-force policy. Return the in-force policy to Assurity with the application, and make arrangements for any necessary medical requirements.

When the application is approved, the new policy will be issued for the total amount of monthly benefit approved as of the current date. The in-force policy will be terminated. The incontestable period for the new policy will be two years from this issue date. Commissions will be adjusted according to our normal replacement rules.

NOTE: Replacement forms are required in some states. (See *General Underwriting Guidelines* section of the *Underwriting Guide*.)

Decreasing Coverage

The following coverage changes require a written request to Assurity:

- decreasing the base policy monthly benefit,
- decreasing the SDIR monthly benefit,
- decreasing the benefit period, or
- increasing the elimination period.

The written request must be signed and dated, and indicate the change desired. When the request is approved, an endorsement detailing the changes will be sent to the policyowner to be filed with the policy.

Change of Beneficiary

The beneficiary of an in-force policy may be changed while the insured is alive by completing and returning a Change of Beneficiary form, which is available on AssureLINK at <https://assurelink.assurity.com> in the Product Center for each product by selecting the Applications/Forms option on the left, or by contacting the client services department at (800) 869-0355, Ext.4279. Return of the policy is not required.

Assignments

The policyowner may transfer, or assign, some or all of the policy rights to another person or organization by completing and returning a Collateral Assignment of Disability Income Policy form, which is available on AssureLINK at <https://assurelink.assurity.com> in the Product Center for each product by selecting the Applications/Forms option on the left, or by contacting the client services department at (800) 869-0355, Ext. 4279. The form is returned to the assignee and a copy retained by Assurity.

Reinstatement of a Lapsed Policy

If the policy lapses due to nonpayment of renewal premium, the insured may apply for reinstatement up to one year from the date of lapse. The following must be provided to Assurity's administrative office:

- a completed reinstatement application form, which is available on AssureLINK at <https://assurelink.assurity.com> in the Product Center for each product by selecting the Applications/Forms option on the left, or by contacting the client services department at (800) 869-0355, Ext. 4279, and
- a signed medical authorization.

If the application for reinstatement is approved pending payment of required premium, Assurity will notify the insured of the premium needed to reinstate the policy. Once payment is received, the policy will be reinstated on the reinstatement date – the date Assurity has both approved the application and received the premium due. Additional reinstatement procedures will be determined by the policy language approved in each specific state.
